

Procedure for getting water supply connection in Sectors under GMADA.

(Sec. 66, 67,68,69,76, 77,78,79,80 & Bulk Material Market Sec.65 –A)

1. Apply in the application form ([Annexure no. VII](#)) for sanction of building plan after that if the Consumer wants to start the construction work, he can apply for Water Supply Connection to Divisional Engineer (PH-2) GMADA SAS Nagar on the prescribed form.
2. Documents to be attached with the form:-
 - i) Copy of the Allotment letter of the plot.
 - ii) Copy of the sanction letter of the Plan.
 - iii) Report from the PUDA/GMADA approved Licensed plumber on the Form.
 - iv) If the owners of the plot are more than one persons, either the form should be signed by all the partners or the authorization in favour of one authorized signatory should be attached with the Form.
3. After the submission of form with all documents, site inspection is carried out by the Field staff regarding Non Construction of Building, any illegal water connection and road cut involved or not for water connection.
4. If the construction has been started or illegal water connection has been made without sanctioning the same from the Competent Authority, the Consumer will have to pay a Penalty of Rs.1000/- in addition to other charges.
5. If the road cut is involved, the Consumer will have to pay the road cut charges with concerned Divisional Engineer of Civil Wing and submit the receipt with the water connection form.
6. After the above procedure, the water connection is initially sanctioned for construction purposes only for which following Lump sum Charges are to be deposited:-

- **Security Fee** = Rs. 150.00

- **Construction Charges:-**

HOUSING COMPLEXES AND INSTITUTIONAL BUILDINGS

Ground Floor = @ Rs.2/- per sq.ft of covered area.

Upper Floors = @Rs. 1.75 per sq.ft of covered area.

7. In case of Booths where Toilet is not provided in the premises the Consumer has to get his connection disconnected after the construction is completed by giving a simple application in this office.
8. In case of other buildings, when construction is completed and occupation certificate & Sewerage Connection is sanctioned by Competent Authority, the Consumer has to get his Water Connection regularized within 15 days by submitting a simple application on plain paper with copy of sanction letter of Sewer Connection & Copy of Guarantee Card of Water Meter installed. The total Number of W.C.s installed in the premises is also to be informed.
9. In case the Consumer does not apply for regularization of water connection after the completion of construction, GMADA will charge the flat rate as given below from the date of sanctioning of Sewer connection.
10. In case the Consumer does not want to use the premises after completing the construction, he should inform this office in writing for getting the water supply connection disconnected, otherwise he will be charged as mentioned at Sr. No.9. When he needs the water connection again, he can apply on plain paper for the same and he will be charged Re- Connection charges @100/-.
11. The consumer has to inform this office on restarting the construction of the building, during this period Commercial Rate @Rs.5/- per kilo liter will be charged.
12. All the regular water supply connections (Except during initial construction) shall be metered and the meter will be provided by the consumer at his own cost of approved make only.

13. In case of stoppage or faulty meter, Flat Rate will be charged for two months. If the consumer does not replace the meter within two months at his own cost DOUBLE THE FLAT RATE will be charged beyond initial two months.
